

**NST BC**  
**Gabriela Garnham**  
**ADIMECH**  
**NOV 2024**

# OBJECTIVES

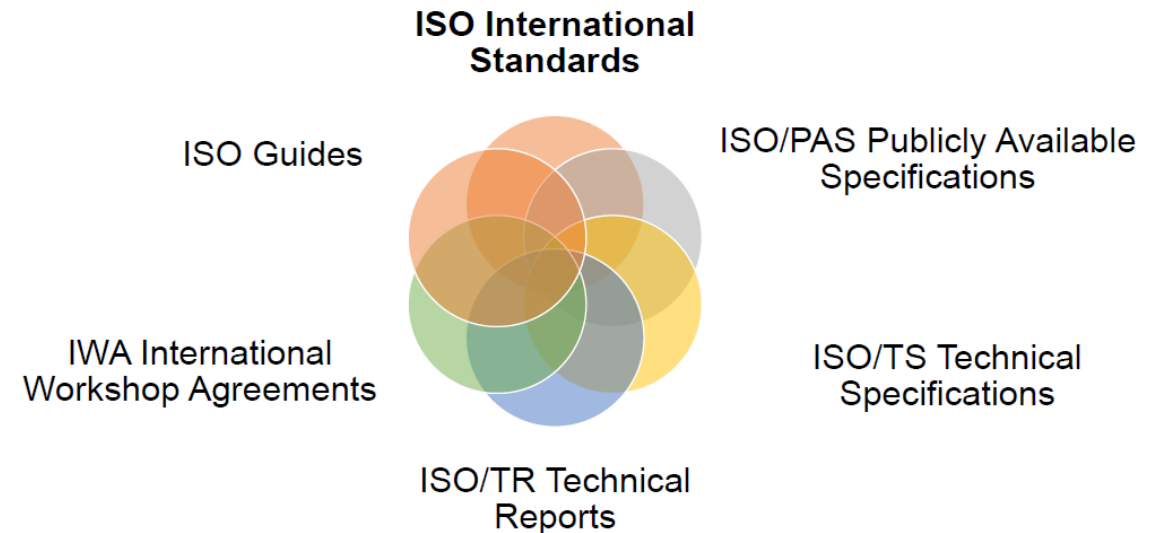

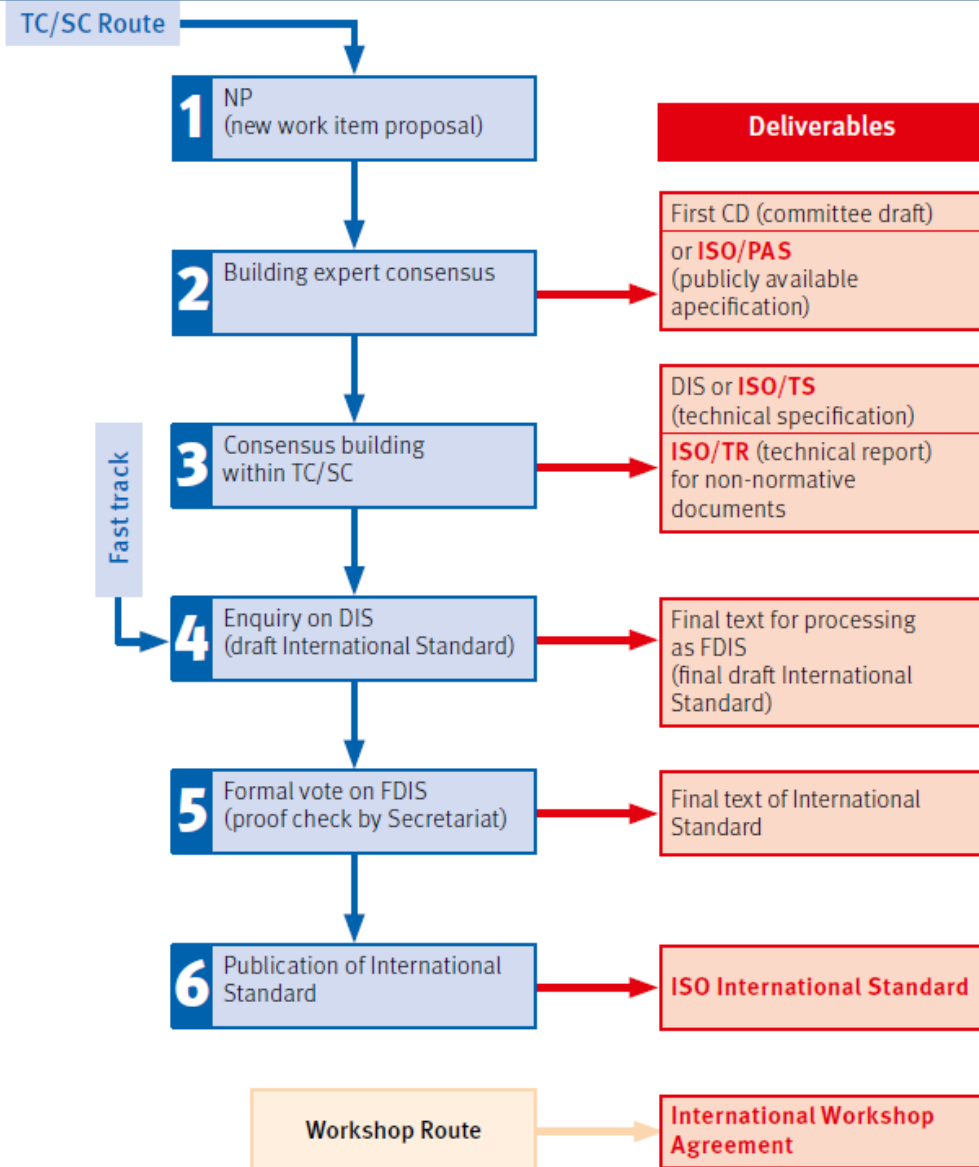

*"The mind that opens up to a new idea  
it will never go back to its original size."*

— Albert Einstein

## 2024

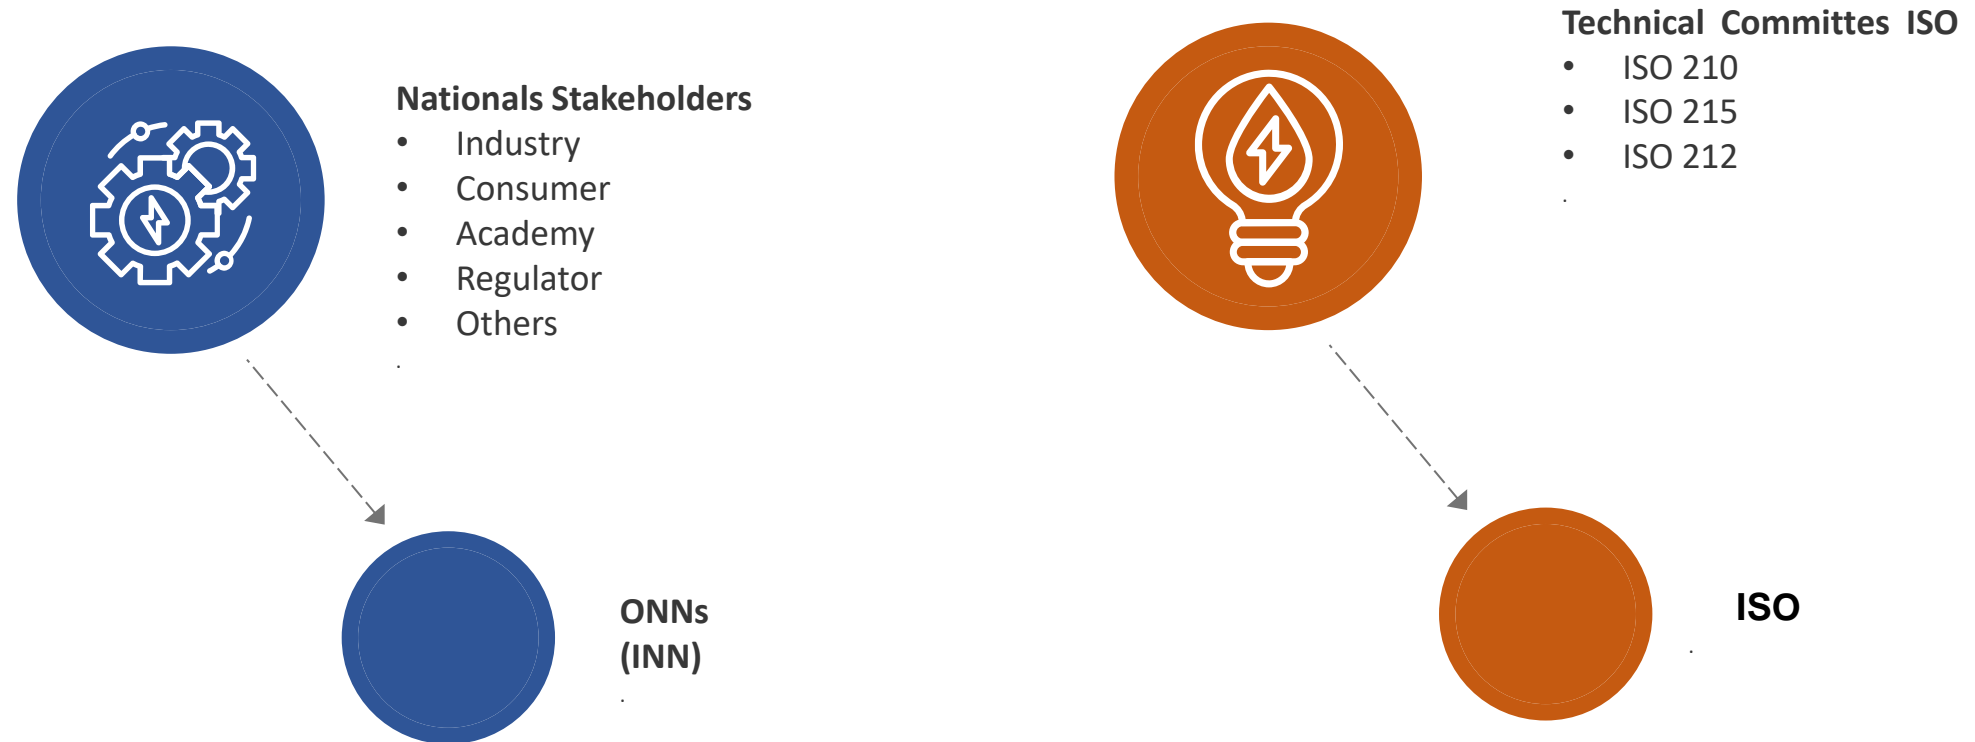

- Conduct a GAP analysis of the situation in each country to be able to join NST BC.
- 
- At least three countries should participate at local level on NST BC by the end of 2024, maintain alignment of standard and became easier regulatory convergence and harmonization.

# PROCESS TO DEVELOP STANDARD

# HOW LOCAL REPRESENTATIVES INTERACT WITH INTERNATIONAL BODIES

## ONNs – BASIC ORGANIZATION ISO

National Organizations of Standards (ONNs) could be government or non government .  
They are responsible for standards at country level

# COUNTRIES AT ISO

| ISO 210                    |         |                                 |         |
